SOUTHAMPTON POSTAL DELIVERY DISRUPTION

The Bermuda Post Office (BPO) regrets to advise residents of Southampton that there is no mail delivery service to routes: SN01 and SN02 pending the resolution of an industrial dispute with the Bermuda Industrial Union.

The matter is presently with the Department of Workforce Development and is being handled pursuant to all relevant labour dispute resolution processes.

Affected residents may collect their mail directly from the Southampton Post Office.

The BPO management apologizes for the inconvenience caused and is working to resolve the dispute fairly and quickly.
