The Bermuda Post Office Online Survey Extended

The Bermuda Post Office (BPO) would like to advise that the BPO's online customer awareness survey has been extended until March 31, 2015.

The BPO is conducting the survey, launched in November 2014, to help assess customer awareness of Post Office postal products and services.

The survey takes about five minutes and the public can access the survey via the link on the main home page under the Announcements section of the BPO website – www.bpo.bm or through the BPO Facebook page.

Alternatively, hard copies of the survey can be manually completed and handed in at any post office. These forms are also available at the General Post Office in Hamilton and all parish post offices.
