**Bermuda Post Office**

## 5 Reasons To Keep Your Mailbox

If you are wondering if it would make sense for you to keep your postbox rental, here are 5 of the main benefits to renting a postbox from the Bermuda Post Office:

- 1. Privacy** – When you use our postbox service, you do not have to publish your home, business and charitable address and location.
- 2. Security** – When you have a postbox rental, your packages and mail are kept safe for you to pick up. You continue to receive your mail when you are away on business or vacation. That means no more putting a hold on mail or having it pile up in your mailbox while you are away for that unwelcomed attention.
- 3. Reliability** – Even in bad weather, you can receive important letters or packages quicker and with 24 hour access.
- 4. Affordable** – We do not apply hidden costs, additional fees and provide a value added service.
- 5. Mobility** – You can change your residence, but your mail always goes to the same permanent location.

Each Post Office has a variety of postbox sizes to choose from; depending on the anticipated volume of mail you will be receiving. Please visit any of our sub-post office locations or find us online at [www.bpo.bm](http://www.bpo.bm).
